---

## SUMMARY

Full-stack developer with expertise in React, TypeScript, ES6+, HTML5, CSS3, and basic Next.js, along with backend experience in Node.js and MongoDB. Skilled in building responsive interfaces, optimizing performance, automating workflows, and integrating design with backend systems to deliver seamless user experiences.

## EXPERIENCE

*Physics Wallah (PW skills), **Associate***

*Oct 2023 - Present*

Designed a full-stack web development curriculum with practical projects and quality lectures, enhancing student engagement.

- Collaborated with the design team to integrate Sphere Engine into the LMS, improving the learning experience and increasing course completion rates.
- Developed responsive React interfaces, optimizing performance and reusability, resulting in a reduction in load times.
- Automated internal reporting and data processing workflows using Google Apps Script and Google Sheets, reducing manual effort and improving operational efficiency.

*INeuron.ai, **Associate***

*Feb 2023 - Oct 2023*

- Developed a MERN (MongoDB, Express, React, Node) stack curriculum with practical projects, enhancing student learning and engagement.
- Provided support and collaborated on capstone projects of web apps, both backend and frontend, integrating key skills and improving skills in web development.
- Designed and built responsive frontend interfaces using React, optimizing performance and reducing load times.

## EDUCATION

*Manipur University*

*Bachelor of Engineering • **Computer Science** • 2017 - 2021*

*Rayburn College*

*12 Standard • 2016 - 2017*

## LICENSES & CERTIFICATIONS

***Full Stack Javascript Web Developer***

*iNeuron.ai • 645eeb29-fa35-48f3-86f2-88b6396557ba • Issued Feb 2023*

***Java Application Development - J2SE***

*Cognitive Creators • -cc-2019-JP-231 • Issued Jul 2019*

***The Complete Full-Stack Web Development Bootcamp***

*Udemy • UC-69c27a63-51fc-4343-9b60-63c75d4eccaf • Issued Jul 2020*

## SKILLS

JavaScript • TypeScript • Basic of Python • Node.js • React.js • Next.js • HTML5 • CSS3 • Basic of Java • Amazon Web Services (AWS)

## HONORS & AWARDS

***Outstanding Performance Award - PW Skills Web Development Team***

*PW (PhysicsWallah) • Feb 2024*
